MADE RECORD TIME IN NORTHERN TRAVEL

Returning Officer and His Deputy had Hard Travelling in the Peace River Constituency, but Reached Their Destinations Ahead of Time.

George E. McLeod, returning officer for Peace River, and P. S. Lawrence, who acted as deputy returning officer, arrived down from the north accompanied by the member-elect T. Brick on Wednesday evening and have since been busy compiling their returns and statements to the Government, setting out the particulars of the election. Yesterday they gave the Bulletin an account of their trip and the experiences they had while arranging to give the people of Peace River representation in the provincial legislature.

There was no question this time about the legality of the election, as Mr. McLeod and Mr. Lawrence both made record trips to the places which they were required to reach in order to comply with the dates of the election, and in each case they had time to spare. Mr. Lawrence made the fastest time that was ever made between Edmonton and Fort Vermilion, covering the entire distance in seven hundred miles in eleven days and four hours travelling time. On the Peace from Peace River Crossing, to Fort Vermilion, three hundred miles, Mr. Lawrence made the distance with dog trains in five days travelling.

George McLeod drove the same team from Edmonton to Grand Prairie via Peace River crossing, a distance, going and coming, of 1100 miles, and when they got to Athabasca Landing, road, the team was sent back from the half way house to bring along north the mail on the next stage.

According to the official log of their trip, Mr. McLeod and Mr. Lawrence left Edmonton on the morning on which the writs were issued, January 25th,

and driving steadily without any stopovers they arrived at Peace River Crossing, the place of nomination in six days and four hours, January 2. As the nominations were not called for until the 5th, they had four days to spare there.

On the morning of the 5th, as soon as the nominations had been made, Mr. McLeod and Mr. Lawrence separated. Mr. McLeod going up the river to Grand Prairie and intermediate points, and Mr. Lawrence going down the river to Vermilion and intermediate polling places. Polls were established at eight places, Peace River Crossing, Smoky River settlement, Spirit River and Grand Prairie, up the river in the territory covered by George McLeod and Little Prairie, Battle River, Karkaj Point and Fort Vermilion on the down river end of the division in the territory covered by Mr. Lawrence.

Mr. Lawrence travelled with dogs and made his end of the trip, as before stated, in five days travelling, but stayed over one day at Karkaj Point to establish a poll there, which brought him to Vermilion on the 12th, three days before the election.

On the other end of the trip, George McLeod left on the morning after the nomination, February 7, and reached Grand Prairie on the same day as Mr. Lawrence reached Vermilion, the 12th, the two being nearly 500 miles apart on the day of election, February 13.

On the return trip, Mr. McLeod left Grand Prairie on the 16th of February, and Mr. Lawrence left Fort Vermilion on the 17th, both arriving at Peace River Crossing in time to count there on the 24th.

NO REVISION THIS SESSION

Parliament Will be Called in November to Consider the Tariff

Ottawa, Mar. 8.—Sir Wilfrid Laurier announced today in Parliament that there would be no tariff revision this session. Parliament will be called in November to deal specially with the tariff.

Hon. Peter Talbot was introduced in the Senate today and Messrs. Knowles and McCraney introduced in the House of Commons by Sir Wilfrid Laurier and Hon. P. Oliver.

PAYMENT DEFERRED

London, Mar. 7.—The House of Commons after a discussion occupying the whole of the evening session, carried by a majority of 258 a motion introduced by the capitalist Liberal, William Hesketh Lever, representing Worsall division of Cheshire, in favor of payment to members of Parliament of £1,500 yearly. Premier William Campbell-Bannerman spoke cordially in favor of the principle of payment of members, but said the Government at present has neither time nor money to carry this into effect. For the reasons given the Premier explained no legislative effect will be given Mr. Lever's motion.

FOUND SIX SKELETONS

Scatterwood Lake, L. D. Mar. 7. — Light was thrown today on a murder mystery of twenty-four years standing by the discovery of six skeletons near here. They are believed to be those of a family that located here in 1882 and disappeared. The children were all young.

"ZION CITY" IN TROUBLE

Residents Called on to Raise Money to Avoid the Usurers

Chicago, Mar. 9. — Picturing a gloomy financial situation and recognizing a crisis, Overseer Voliva called upon the residents of Zion City last night for over \$250,000 to save the community from the money lenders, and thus to relieve the present pressure and put the industries on a paying basis. As securities he promised the people first mortgages on the lace factory and printing house.

MANITOBA ORANGEMEN MET
Winnipeg, Mar. 9. — The Provincial Grand Lodge of the Orange Order in Manitoba, have just concluded a most successful session. Thomas Sharpe was elected Grand Master in place of Jas. Argue, who retires.

ACCIDENT AT LACOMBE (Lacombe Globe)

On Saturday morning at 7:20, a terrible accident occurred at Burke's saw-mill, which was sawing at Fred Butcher's ranch, eight miles north-west of town, when Wm. Taylor narrowly escaped instant death.

The crew was just starting a small circular saw, which is used for cutting wood for the engine, and is attached to a large drive wheel of the engine. The machinery was just under full headway when the belt ran off the saw pulley and commenced to wind up on the large drive wheel. Mr. Taylor jumped forward and seized the belt to jerk it loose, and in so doing must have stepped into it, and it was winding up so rapidly that it was soon taut about the centre of his back. It jerked him forward over the front wheel of the engine striking his head against a large mud spike on one of the bull-wheels. It then swung him around clear of everything at the end of about four feet of belting, and brought him down with terrific force on the whistle head of the engine, crushing in the base of his skull in a terrible manner. He struck with such force as to bend the heavy brass whistle and in so doing opened the valve, allowing the steam to escape, scalding one side of his face very badly.

The unfortunate man was taken down as soon as his fellow-workmen could do it, and Drs. Simpson and Sharpe are summoned in post haste, who did all in their power to relieve his sufferings. They worked over him until he was unconscious and up to that time he was unconscious and up to going to press is yet living, but his chances of recovery are few.

YORK COUNTY LOAN AFFAIRS

The Presidents Case Goes to a Jury But Denison Will Investigate

Toronto, Mar. 9.—In the investigation today in Joseph Phillips case, it was decided that the York Loan president should go to the jury, but that the investigation should proceed before Magistrate Denison, Phillips pleading not guilty. Miss Hudson, who was in charge of the auditors and agents, said that lands had been transferred to her and sold again, without any negotiations on her part.

Brandon, Mar. 8.—The petition of J. McDiarmid to have Mayor Fleming unseated for lacking the necessary qualifications has failed. Yesterday Judge Cumberland delivered judgment in the case dismissing the petition and affirming the mayor in his seat.

THREE KILLED IN A WRECK

Montreal Flier Ploughs into Passenger Train on the Delaware and Hudson

Saratoga Springs, N. Y., March 9.—Three deaths have followed the wreck of a local passenger train on the Delaware and Hudson Railway, bound from Rutland, Vermont, for Troy. The passenger was held up by a freight wreck near the local station, and was run down by the Montreal flier south-bound, last night.

DISALLOWED OBJECTIONS

Winnipeg, Mar. 8. — Judge Richards yesterday disallowed the preliminary objections filed in the Llagar, Selkirk, and Portage la Prairie election petitions. The principal objections taken were to the clauses of petitions that alleged misconduct by returning officers in preparation of the voters lists, making alterations in same and the making of returning officers parties to the petitions.

THE MAYOR HOLDS HIS SEAT.

Brandon, Mar. 8.—The petition of J. McDiarmid to have Mayor Fleming unseated for lacking the necessary qualifications has failed. Yesterday Judge Cumberland delivered judgment in the case dismissing the petition and affirming the mayor in his seat.

ONLOOKER SHOT

Middleboro, Ky., March 8.—In a pistol duel yesterday between Mrs. Alice Moore and Mrs. Lucy Tucker, as the result of a long time quarrel, Frank Maden was killed by a bullet from the revolver of Mrs. Tucker.

The women met in front of a saloon and, after exchanging a few words both drew weapons. Mrs. Tucker was the first to open fire. At the third shot Mrs. Moore turned and ran down the street unarmed, though her clothing was twice pierced. It was this last shot which struck Maden, who was near the saloon door engaged in a game of pool.

NO MINISTRY IN CRISIS

Germany Notified that French Situation Does not Affect the Conference

Paris, Mar. 9.—The Government finds itself without a ministry at the culminating stage of the Moroccan conference at Algiers. A semi official note on the subject says: "The ministerial crisis does not affect the French policy at conference."

This is designed chiefly to warn Germany not to take advantage of the situation. The fact is that the ministerial hiatus confuses matters and threatens the agreement which otherwise might have been arrived at. The vote in the chamber of debates last night resulting in the defeat of the Government and the resignation of the cabinet also requires that the government temporize with the church manifestants, who are becoming increasingly demonstrative, particularly the peasants.

Mrs. REEVE DEAD.

Athabasca Landing, March 9.—Mrs. Reeve who has been ailing for some time died very suddenly last evening with heart failure while Bishop Reeve and herself were attending to Miss Reeve who is confined to her bed with inflammatory and rheumatic fever.

NEWSY ITEMS FROM STRATHCONA

The Bulletin's Daily Budget From the Strathcona

Strathcona, Mar. 7.—Mrs. J. Jackson and family returned a few days ago from Ontario, where they spent the winter.

Messrs. McLean and O'Brien have moved their real estate office above Miss Henderson's millinery store.

Mrs. B. W. Allen and family returned home last week after spending the winter months in Ontario.

Mr. Pitlake was in town last week making arrangements to transfer his goods to Vermilion City, where he is now located as contractor.

Messrs. A. M. Fuller & Co., Whyte Avenue, have made some much needed improvements in their real estate office and have now a modern up-to-date place for business.

Mr. H. F. Sandeman, real estate, has removed to the Duggan brick block, Whyte Avenue, east, and is ready for business again.

Mr. Shannon has just come in from Wyoming, U.S., and is at the Alberta Hotel. He has come up with a view to get possession of some rich Alberta land.

A large storehouse is now in course of erection immediately south of the Mills' brick block, Main street. It will be used by Messrs. A. H. Richards & Co. in connection with their business.

Work is being done on the foundations for a new store, Whyte Avenue, Messrs. Dietz and Malt, are the contractors.

Mrs. Callaghan, Commercial hotel, died this morning. Undertaker Wainwright took the remains to the station and placed them on the 4 p.m. train en route for Campbellford, Ont., where they will be interred. A large number of friends and acquaintances went to the train to show their last respect and esteem for the deceased lady. Mr. Rankin accompanied Mr. Callaghan on his and journey to the east.

The Messrs. Higgins, late of Huron, Ont., came into town some few days ago. They have gone into the livestock business, and implement business, corner of Whyte Avenue and Hardisty street. They are successors to Mr. Mr. Ezra in the livestock business.

Magistrate Connolly disposed of Francis Valette, of St. Paul de Melia. He pleaded guilty of having a good time and being drunk and disorderly, and was fined \$3 and costs.

Strathcona, March 8.—Mr. W. Halger late of Lesser Slave Lake, is in town. He has sold out his property at the Lake, and does not expect to return for some time. He speaks well of that region, rich soil, abundance of grass, fish, game and timber.

Messrs. Higgins, late of Huron county Ont. have commenced business as Livery men, Harness makers and dealers in saddles and farm implements on the corner of Whyte Avenue and Hardisty street.

Mr. T. Taylor, late of Vancouver, B. C. has opened up a fruit store, corner of Whyte Avenue and Hardisty street.

The Hon. A. C. Rutherford came home from Calgary last night.

Mayor Sheppard, Councillor Douglas and Mrs. MacIntyre, Mr. Douglas and Mr. MacIntyre, came in from Calgary this afternoon, where they had been attending the Municipal and Medical conventions respectively.

Mr. E. Lyne Gainer staff, came in to town this evening after an absence of about four weeks in the southern part of the Province working in the interests of his firm. He reports good business, and hotels already overcrowded with the incoming settlers.

Messrs. Annable, Morrice and Vandevelte passed through our town today en route for the mouth of McLeod river where they are going to hunt and trap for a season and also locate permanently, if the land suits them in that locality.

Houses for rent, and public boarding-house accommodation, are very much sought for just now.

SEWER PLANS SUBMITTED

Council Laid Plans on the Table for Further Consideration

On Tuesday afternoon City Engineer Hargreaves submitted his report on sewer plans as follows:

"In view of the prospective rapid development of the city northward it is desired to place before the council a scheme for immediately undertaking the construction of a main sewer near Rat Creek instead of along Sutherland avenue or Isabella street as previously suggested.

"If the sewer is not built along Rat Creek it would be desirable to make it of sufficient capacity to eventually take the drainage of the whole of the territory within the city limits not already provided for by existing sewers.

"Levels have not yet been taken right to the north and west limits in order to ascertain the required inclination upon which the size of sewer depends so a correct estimate of cost cannot be given until that is done, which will be immediately, but it is clear that the sewer to drain a territory of over 3000 acres is a much greater undertaking than for 1500 acres.

"Further, as regards the construction of branch sewers on the streets nearest where the greatest population now is (commencing say at Isabella street) it will be necessary to build long lines of sewers on the avenues southward from the main sewer in advance of actual necessity for same in the northern streets in order to connect sewers actually required at the south.

"If the Rat Creek scheme is adopted a sewer could be commenced this season at a point adjacent to the creek on the city nuisance ground and built from that point as shown on the accompanying city map to First street, in order that a sewer would be connected westward to the city limits. From the end of the sewer at First Street a sewer would be built southward along First street to the present system at MacKenzie avenue, where the MacKenzie avenue system would be taken in.

"The total length of sewer, adjoining the Creek would be about 3500 feet the length on First street about 4200 feet, making a total length of approximately one and a half miles of main sewer. An approximate estimate of the cost of this length of sewer apart from the so-called septic tanks which it is proposed to build at the outlet, would be one hundred and fifty thousand dollars. The septic tanks would be built in the creek bed on the city property, the overflow from same discharging into the Rat Creek and flowing in an inoffensive stream into the Saskatchewan River."

Accompanying the report there was a city map delineating the sewer extensions which it was proposed to make. The council went into committee of the whole and gathered round the plan to ask questions. One of the first questions asked was how deep the sewer would be at First street and MacKenzie by the plan which the city engineer proposed, and when Ald. Mays learned that it would be thirty-two feet deep, he wanted to know why the sewer plan did not follow the natural water courses and carry the water north across the C. N. R. track and across the low lying land there instead of bringing it against the grade to First street. The city engineer explained that the present plan was an expedient; that the cost of building a trunk sewer across the Hudson's Bay Reserve would mean the outlay of a large amount of money on what is at present a non-productive part of the city.

Ald. Latta moved that the report be laid on the table and that a comparative estimate be asked for showing the comparative cost of a trunk sewer connecting the west end with Rat Creek via the natural water courses across the Hudson's Bay Reserve.

Ald. Boyle said that he favored the motion. He did not believe in temporizing; that the city had been doing that sort of thing all along; that they had laid out time and again for what they had thought would be for two or three years, and had found before the work was completed that it was not sufficient for the time that it was being built. They had now come to the time, he said, when a foundation for a complete sewerage system for the city should be laid out - one that would be sufficient for a city of large growth and one onto which they could build from year to year without the danger of having to rebuild as the city advanced.

Ald. Mays said that he thought that the proposition before them was one which should have very careful consideration, not one that should be hurried through in one night. What the city wanted, he said, was the best, not the cheapest, and he would like to have all the data before the council before they were asked to decide. He said they were laying out a sewer for fifty or one hundred years.

Ald. Picard said that as they all seemed to be in favor of a trunk sewer and that as the council appeared to be unanimously in favor of that section of it which was designed to parallel Rat Creek, he was in favor of adopting that much of it then and there

and considering the other part later on.

Ald. Mays seconded Ald. Latta's motion, and it was put and carried, laying the plan over until it was found what it would cost to put the sewer down on the natural water courses.

The next report was that of the city engineer, on the street railway project. It was the same report as published in these columns a month ago, reciting that a road could be built for two miles on Jasper avenue and as far as the C. N. R. depot on First street for some \$26,000.

Ald. Latta said that he thought the plans were all wrong, that the street car line should extend as far east as it did west, if not farther.

Ald. Bellamy said that the main question was whether they were going to take the building of it up this year or not.

Ald. Boyle moved, "That the matter be laid on the table and that this council employ the services of an expert street railway engineer to supply us with all the necessary statistics to permit us to commence construction in 1937."

When we have that information, he said, it is up to the council to go before the people with a proposition. If they do not adopt it the street car proposition is off. If they do we should require to be in a position to go ahead with a full knowledge of just what we are doing.

The motion was carried without dissent.

The report of the commissioners recommending alterations and advances in salaries for the year 1936 was submitted and was under consideration when Alderman Boyle asked what it proposed to do with an assistant city engineer whom the commissioners had included in the salary list. J. H. Hargreaves stated that the city was about to undertake some very heavy work and that some very fine figuring would have to be done this summer and that for that reason a first class man was wanted as assistant to take the levels and do the outside work. In this connection it developed that Mr. Tompkins name was not on the list, and Ald. Boyle said that that looked to him very much like an underhand way of asking the city council to sanction the dismissal of a public servant without being aware that they were doing it. He moved that the whole list be referred back and that the commissioners be instructed to put the names of all the city employees of the regular staff on the list, so that the council would have a chance to see who was being fired and who was being retained. The motion passed unanimously.

Ald. Mays then brought up his motion, under the head of unfinished business, that J. H. Hargreaves be asked for his resignation as city engineer. Ald. Boyle seconded the motion, and the vote was taken without discussion, Ald. Boyle, Mays and Latta voting for dismissal and Ald. Bellamy, Smith and Picard voting against dismissal. Ald. Bellamy voting again as chairman and therefore casting the deciding vote.

Ald. Boyle tendered his resignation and said that he did so with regret; that he had no other reasons than that other duties in a legislative way made it necessary for him to withdraw from the council; that his relations with the other members of the council had always been cordial and that the affairs of the city had become very interesting to him. He promised, in so far as it was compatible with his duties to the constituency which he represented, to further the interests of the city in the legislature.

THE SPEECH FROM THE THRONE

The speech from the throne delivered at the opening of the Federal House yesterday contained the low annual reference to the prosperity of the country. It has not always been the pleasant duty of the representative of the Crown in Canada to facilitate the legislative process of the Dominion on a season of agricultural prosperity, industrial progress, commercial expansion and generally satisfactory conditions. For several years, however, Canada has been enjoying an era of plenty which has given an optimistic tone to the annual address of the Governor-General and Canadians regardless of party affiliation or political theory may join in acknowledgment that the lines have fallen to us in pleasant places in the year that is gone. While to the Opposition this may be taken exclusively as a sign of the bounty of providence the supporters of the Government will see in it an evidence that the administration of public affairs has been such that this bounty was distributed among all classes and in all sections of our people. While it may be true that government cannot make or unmake prosperity regardless of the ebb and flow of the economic tide it has been abundantly proven that had government may hasten the ebb and may retard the flow. The forces of nature act independently of man, but man's welfare depends on whether or not he governs himself in the knowledge of such forces and their consequences. If Canada's prosperity has been due to an economic movement originating outside the range of our governmental system, the condition of the country is evidence that the operations of this system have not impeded the movement nor prevented its beneficial influence spreading throughout our land and affecting all the classes of our population.

The program for the session as outlined in the speech, is neither short nor unimportant. While it frequently occurs that questions arise and are dealt with during the session of not less consequence than those foreshadowed in the speech of the Governor-General, this is usually taken as indicating the majority of subjects on which the Government proposes to introduce legislation. The subjects so forecasted are all of considerable importance and the list appears to include the greater number of really important matters which have been projected into the arena of Federal concern during the year. The omission of the tariff from this list will doubtless be hailed by the high protectionists as a mark of the gross indifference of the Government to the welfare of Canadian industries. Such claim, however, is likely to arouse little enthusiasm in the country generally. Despite the strenuous representations and still more strenuous calculations of the Manufacturers Association the evidence submitted to the tariff commission if it proves anything, proves that Canadian industries are generally in a very prosperous condition, and that in this prosperity the manufacturing industries are sharing quite equally with the other enterprises of the country. As the demand for tariff re-adjustment came from the advocates of higher tariff and as the Government has not foreshadowed an intention of dealing with the matter in the immediate future, the assumption is that the arguments of the high tariff advocates were more urgent than their real troubles required and tended to establish rather than discredit the generally satisfactory working of the present tariff.

A POSSIBLE CIVIC TIE UP

At the special meeting of the city council on Wednesday evening a second motion to dismiss the city engineer was defeated and the incident is closed at least until the return of the absent members of the council. But the situation is a serious one and its seriousness arises from the fact that the movement to dismiss the official did not originate with the council but with the ratepayers. Had the action originated in council the responsibility of settling the matter would have rested entirely with that body on the evidence laid before the members. But the question having been raised by the public and furthered by the circulation of a petition calling for the removal of the city engineer and the ratepayers who signed the petition in opposition and the number of the signers is such as may result in the embarrassment of the Aldermanic body if not in the delay of very important public business. With the opening spring it will be necessary to undertake very considerable extensions of public utilities involving the expenditure of large sums of money. These cannot be undertaken until the expenditures have been authorized by the ratepayers, and if a sufficient number of these are signers of the petition for the removal of the city engineer there is a possibility that they will refuse to sanction the expenditure of money in carrying out plans prepared by that of-

ficial. This would result in putting the city council in an unenviable position and also in retarding the prosecution of civic work. For the sake of their own reputations and the welfare of the city the Aldermen should avoid such a situation. This might have been done by holding a thorough investigation into the working of the public works department which would either have vindicated the course of the commissioner before the public or have placed before the council the plain duty of discharging him. An investigation at this late hour however would occupy valuable time and in itself delay the beginning of civic work. The question therefore for the council to settle now is whether the citizens have lost confidence in the city engineer and if so there is only one course open to their representatives and that course cannot be adopted too soon.

THE WEST NOT A PRESERVE

(Toronto Telegram)

Two train loads of plows, manufactured in Moline, Ill., were recently moved out of Winnipeg for delivery in the Canadian West.

If these two train loads of plows had started from Brantford or Toronto Junction, the money the Western Canadian farmers paid for these plows would come east in wages for Canadian artisans and in profit for Canadian manufacturers.

A tariff that would enable the manufacturers of the east to supply the needs of the west would build up Brantford or Toronto Junction instead of Moline, Ill.

It remains to be asked, in the name of the western farmer what kind of a tariff would be necessary to build up Brantford or Toronto Junction at the expense of the western farmer. Other things being equal, approximately equal, or even reasonably similar, the western farmer would much sooner for patriotic reasons trade with Ontario than with the United States. But the western farmer does not propose to admit that the sole purpose of the North West market is for the up-building of Brantford or Toronto Junction, Ont.

SHOULD ESTABLISH FACTORIES

Edmonton, Mar. 8rd.

Editor Bulletin and readers: With your kind permission, I would like to throw out what might be a few practical hints just at this juncture of the city's progress.—No I am not going to croak about fictitious land values and the uncertainty of trying to build up a city on a "real estate boom" but would like to turn the people's attention that have been so successful in making themselves wealthy to something that would keep the ball rolling and employ the "hundreds" or perhaps thousands that possibly might be wandering aimlessly about here in a short time. If we are to have a city of 25,000 to 35,000 people here in the next two years, what are we to do with them? Will the railway companies and the "civil service" require this extra addition of humanity to carry on their work?—No!—Well then we must get down to business and "do it now"—Let these men that have means put it to use to their own advantage and the advantage of others—Exchanging lots won't employ the people—Let us have a half dozen or more institutions—factories that will employ our surplus labor, and at the same time remunerate the man that "sinks his money." I might name a dozen practical propositions, among them are a blacuit works, a soap factory, pork packing establishment, we could find room for a large dry goods manufacturing house, similar to the Wood's Co., of Ottawa. Look at the vast country we have to supply and instead of buying these things ready to use, let us get them ready ourselves. Then there are great chances for an implement works, the country around is developing rapidly and why not supply the demand with the home made article? Any company by turning out a competent article, could without a doubt compete with the outside firms. Now the moneyed men of this city today are to a great extent responsible for the future of this city, they can if they will save it from a collapse which is apt to come, and which we do not want. It is to be hoped that the men that can will "do it now". There are plenty of good thinking men that have the means here in Edmonton, and let us build up our city on a good sound basis.

Yours truly

R. C. FOOTE,
City.

SETTLING RAILWAY DISPUTES

Montreal, Mar. 8.—A commission appointed to adjudicate upon certain disputes between the G. T. and Intercolonial railways regarding the interpretation of a contract, delivered judgment today on several points. The run of decision showed that where loss occurred to one road through the fault of employees of another road that road must pay the damages. Where the fault is that of joint employees the damage must be divided.

BOARD OF TRADECommittee on New Enterprises Will
Have Heavy Program

The chairman of the various committees under the new organization of the board of trade are entering actively upon their duties and responsibilities. The various standing committees have now been filled. All ornamental features have been eliminated, and the committees are composed of business or professional men from whom energetic and intelligent service may be expected, and 1906 is likely to be the most active in the history of the board.

Under the fuller organization now existing, a wider and more effective program can be carried out than was possible in 1905, when practically all branches of the work were left in the hands of the secretary.

The most important work to be undertaken by the board in 1906 will probably be that of the "Committee for the Promotion of New Industries and Commercial Enterprises," who, as the name implies, have been made particularly responsible for the interesting of capital in the opportunities and advantages offered by Edmonton, particularly for the development of our great natural resources by the establishment of new industrial enterprises. This committee is under the chairmanship of Mr. John A. McDougall, who has associated with him ten of our most active and progressive business men. The great desirability of work along this line is obvious, and it is hoped this committee will receive all possible encouragement from both the other members of the board of trade, and from the city council. A city which grows up without an adequate proportion of industrial activity can have at best but a low-sided prosperity. If the industrial development is secured, commercial expansion will follow as a matter of course.

While "publicity" work may not be quite such a prominent feature in the board's work as it was in 1905, there is much to be accomplished in this line. So much was accomplished in this department last year that it is felt that to reap the full benefit of last year's efforts the work must be followed up along somewhat similar lines. Last year much was done to create an interest in Edmonton and the Edmonton district. It was not by accident that influential papers had so much to say about Edmonton, and the Edmonton district. This is in a large measure attributable to the publicity program carried out by the board of trade. Many articles descriptive of the

city and district were sent to and published by outside journals; much information was supplied to editors of others; photographs of Edmonton scenes were sent out and reproduced in many influential journals; scores of correspondents of leading papers were shown about, and careful efforts were made to impress upon them the attractions and advantages of the city and district; and practically every traveller of any probable influence was taken in hand by some member of the board and it was seen to that when he wrote or talked about the Canadian West, Edmonton would be likely to receive due prominence. Thousands of people who would be valuable additions to the community were just started to think about the district last year, and are now in a receptive mood; and if the advantage of previous work is not to go to other sections, now commencing energetic publicity campaigns, the work already done must be followed up, and possibly enlarged and improved upon by the committee of the board now associated with the secretary in this work.

The work of this committee, will necessarily be of great assistance to the committee to promote new industries, and the two bodies will no doubt work to a large extent in harmony. In order to carry out the program, these committees have in view, considerable financial resources will be necessary, and a special committee has that phase of the question in hand. While it is not proposed to spend anything like the amount our neighbors to the south are arranging to expend for similar objects, it is probable that a considerable increase over last year's resources will be necessary. In view of the extraordinary good value obtained last year, there should be no difficulty in obtaining a liberal grant from the city council for the purposes of the board.

TENDERS FOR INDIAN SUPPLIES
SEALED TENDERS addressed to the undersigned, and endorsed "Tenders for Indian Supplies" will be received at this office up to noon on Thursday, 15th March, 1906, for the delivery of Indian Supplies during the fiscal year ending 31st March, 1907, at various points in Manitoba and the North West Territories.

Forms of Tender containing full particulars may be had by applying to the undersigned, or to the Indian Commissioner at Winnipeg. The lowest or any tender is not necessarily accepted.

RUBBERO ROOFING

ROSS BROS. LIMITED, have just received direct from the Factory at St. Louis a large shipment of RUBBERO ROOFING in one, two and three ply. It is done up in rolls of two squares to the roll; nails, caps and cement are in the rolls. Any one can put it on, all the tools you need is a hammer. It is a cheap convenient Roofing and very durable. They also have cheaper grade of Tarred Roofing put up in the same way, that for shacks and temporary buildings is just the thing.

THE TRADE SUPPLIED.

Ross Brothers, Limited,
Direct Importers.

BE SURE OF YOUR SEEDS

The mania for cheapness has encouraged seed houses as well as manufacturers to cheapen their products for the sake of a cheap price. With all Nature ready to respond to the right sort of energy, you can't afford to waste a whole season's work by planting poor seeds. If you ask your neighbor he will tell you to get

Steele, Briggs Seeds--The Kind That Grow

based on 35 years' experience for doing things right. Our seeds are the best of their kind and no consideration of profit will make us lower the standard. We want your trade next year as well as this, and those who watch results will stand by the seeds they know to be good.

Our seeds are sold by leading merchants in Canada. Send for our illustrated and descriptive Catalogue (free); it tells all about them.

THE STEELE, BRIGGS SEED COMPANY, LIMITED

FIREMAN SHOT IN MUTINY

Revolver Warfare on a Steamer at
Brooklyn Dock

New York, Mar. 9.—A mutiny in which one life was lost, occurred today on board the steamer Massachusetts, which was lying at her dock in Brooklyn. James Slocum, a fireman, was killed during a revolver battle on the steamer's decks in which the steamer's firemen were ranged on one side and opposing them were ship officers and members of the crew. Sounds of the fighting caused a reserve of police to be hurried to the steamer, but the firemen who had started the trouble had been driven into submission before the police arrived.

For 33 Years

Shiloh's Consumption Cure, the Lung
Tonic, has been before the public, and
this, together with the fact that its sales
have steadily increased year by year, is the
best proof of the merit of

Shiloh

as a cure for Coughs, Colds, and all
disorders of the lungs and air passages.
Those who have used Shiloh would not
be without it. Those who have never
used it should know that every bottle is
sold with a positive guarantee that, if it
doesn't cure you, the dealer will return
what you paid for it. Shiloh.

Has Cured

thousands of the most obstinate cases of
Coughs, Colds and Lung troubles. Let it
cure you.

"Last winter I caught a cold, and in three months and
thirty days I was going into C. pneumonia. I took all
sorts of medicines, but nothing did me any good
until I used Shiloh's Consumption Cure. Five
bottles cured me. This winter I had a very bad
cold, was not able to speak, my lungs were raw
on the side and back. Six bottles of Shiloh cured
me well again. I have given it to several people
and every one of them have been cured."—

STRATHCONA WON GAME

Thistles Badly Defeated in a Hot
Game Last Night

On Strathcona ice last night the Edmonton Thistles were defeated by Strathcona seniors in the second game for the Calgary cup by seven goals to two.

The ice was in very good condition and a fairly large crowd turned out to see what will probably be the last game of the season.

The boys were out for blood and the game was rough from the jump, an all-round slugging match, with mighty little of the fine exhibition. There was some great individual playing, but not much show for combination work, and the game was one grand rough-and-tumble mix-up. Every man was onto his check hard and fast and there was considerable banging into the boards.

The most spectacular playing was on the part of the two goal-keepers during the first half of the game. Humeston never stopped such shots in his life as he did last night, and our own Grady was handed down a few in rapid succession which he handled in equally lightning fashion.

The first half was fairly clean hockey, and was anybody's game for a while. Dobson and Denton made some good rushes, and Abston, who was back in the game again, was as usual brilliant.

It was the second half when the Strathcona boys were continually in the vicinity of the Edmonton nets, and were piling up scores, that things began to go bad and the boys became pretty free with their sticks. When time was only a little way off, Lane gave Richards, the elderly gentleman, on the Strathcona line-up, a gentle tap with his hickory, whereupon the elderly gentleman smote his adversary upon the ear, which sent Lane to the dressing room under the care of a doctor, while Richards was escorted off the ice by the referee. Then for a few minutes there was a free-for-all mix-up of rosters and players. After they became untangled, the game was continued with six men apiece.

It was nine o'clock before referee Burley managed to get the boys together and start the rubber going. For three minutes there was some tall hustling at the end of which time Kent got in the first one for Strathcona. Dobson made a rush from the face-off and got right up close to the net. He was a little excited, however, and when he shot, Sammie came out to meet it, and caught it on his back. McArthur took a nice easy shot from centre ice. The rubber went past Lane Banford and Grady, and found the net. This was a nine minutes play.

For fifteen minutes the game was fast and furious, and then Arnold Johnston did his dodging act and got past Humeston for the first one for the Thistles. This was the end of the first half.

The second half was a long series of scores for the Strathcona combination men, who played a few rings around the Thistles for a while. Ritchie took ten minutes to score the first goal in the second half, and Kent secured another in three minutes. Richards got one in five, and Kent again in seven minutes.

It was at this stage that Lane and Richards had their little disagreement. Hampton also got mixed up in the affair in a very gentlemanly manner. After the excitement was over and the rubber set going again, the Thistles spruced up a little and in three minutes Dobson, with a very nice play scored the only other for Edmonton. Strathcona just had to score another, though, and Kent in about two minutes did the trick. Soon after time was called.

The score, first half:
Strathcona—Kent, 3 minutes; McArthur, 9 minutes.
Edmonton—Johnston, 15 minutes.
Second half:
Strathcona—Ritchie, 10 minutes; Kent, 3 minutes; Richards, 5 minutes; Kent, 7 minutes.
Edmonton—Dobson, 3 minutes.
Strathcona—Kent, 2 minutes.
Referee, A. Burley, Edmonton, judge of play, C. Roholt, Strathcona.

EDMONTON MARKETS

WHEAT

Prices have dropped slightly the past day or so, the Edmonton market being affected by the drop in Manitoba prices. The Dowlings Mill prices are for No. 1, 60c, and for No. 2, 58c; No. 3 is down to about 56c.

OATS

Deliveries are still strong in oats, and Brackman & Ker are offering 26 for the best. On the city market the quotations are from 25 to 27.

HAY

The usual large quantity of hay is coming in over the city scales, and is selling in the yard at 48 for slough,

410 for upland, and 46.00 for timothy. Bran is going at about 85c. these days, and shorts at 31.

For barley from 25c to 30c. is offered. Potatoes are selling at 40. On the city market 35 a ton is being offered for green feed.

Williamson Bros. are quoting hogs at 5c. to 5-7-4c. head at 3c. alive, mutton at 5c., hides from 6c. to 1-2c. and chickens at 13c.

P. Burns & Co., prices are for hogs 5-5-5; beef 1-10 3-1-2c. alive; hides, 6c.; chickens 13 1-2c. dressed, turkeys 17c.; mutton 5-1-2c. alive.

NOTICE

PUBLIC NOTICE is hereby given that an application will be made to the Legislative Assembly of the Province of Alberta at its next session for an act to incorporate a company under the name of the "Alberta Central Railway" with power and authority to construct, operate and maintain a railway from a point in the city of Edmonton to a point at or near the intersection of the western boundary of the Province of Alberta, with the Peace River touching in its course points in the vicinity of Athabasca Landing, Lesser Slave Lake, Peace River Crossing and Dunvegan or some or one of them, and a line from a point in the City of Edmonton to a point in the Town of Medicine Hat and thence in a south or south-easterly direction to a point on the boundary between Canada and the United States of America at or near the intersection thereof with the Eastern boundary of the said Province; and also with power and authority to construct branches from any points on the proposed line not exceeding in any one instance fifty miles in length; and with power and authority to connect with any other railway and to construct, operate and maintain telegraph and telephone offices, exchanges and lines and with all other such authorities, powers and privileges as are usually granted to railway companies.

Dated at Edmonton 16th February, 1906.
BENJ. EMERY & NEWELL,
Advocates for applicants.

No roughened, chapped hands if Lifebuoy Soap is used. It's as healing as it is cleansing.

Faith

You cannot be expected to have faith in Shiloh's Consumption Cure, the Lung Tonic, as a cure for Cough, Croup and all diseases of the air passages, if you have not tried it. We have had no failures and to convince you that it will cure you we guarantee it. If it doesn't cure you it costs you nothing. If it does it costs you 25c. That's fair, try it to-day.

Shiloh

has cured many thousands of the most obstinate cases, and we do not hesitate to say that it will cure any Cough, Croup, Throat or Lung trouble. If we did not believe this we would not guarantee it absolutely as we do. Shiloh has had no failures and to convince you that it will cure you we guarantee it. If it doesn't cure you it costs you nothing. If it does it costs you 25c. That's fair, try it to-day.

Proof

is found in the many testimonials of those who have tried Shiloh and been cured. Mrs. Archie Taylor, Assiniboia, writes: "I bought a bottle of Shiloh's Consumption Cure and found it very beneficial. I have two children and they had a terrible cough. I gave them everything I could think of, but they got no better and were very sick. I bought a bottle of Shiloh. We gave it to the children when they went to bed, and they did all night. It cured them completely. I shall always keep it in the house."

—Recital of the students in music of Alberta College in McDougall church this evening.

—J. P. Clinton & Co., real estate agents, have removed to their new offices at the corner of First and Jasper avenue.

—If the weather remains cold for the third game for the Calgary Cup between Edmonton and Strathcona will likely be played the beginning of next week.

—A meeting of all those interested in lacrosse will be held in the Imperial hotel on Tuesday evening at eight. The question of securing grounds for a park for sports will be discussed. A large attendance is desired.

—The Cricket Club holds its first general meeting of the new season in H. B. Boyes & Co.'s office, at 8.30 p.m., on Monday next, the 12th instant; an attendance of all who are interested is cordially invited.

—A fancy dress carnival is to be held in the Strathcona skating rink this evening. It is expected that the ice will be in good condition. A large list of prizes is being offered. The Strathcona band will be in attendance.

—The handsome plate glass windows for the new building next the Bank of Montreal, to be occupied by the Douglas Co. and the C.N.R. offices, arrived to-day and are being installed. The building will be ready for occupation in a day or so.

SCHOOL BOARD MET

The Edmonton public school board met in Mackay avenue public school last night, all the members being present except Rev. Mr. Gray. Not a great deal of business came before the meeting, probably the most important item, in view of the fact that there will be a large influx of settlers this spring, and consequently a demand for greater accommodation in the schools, was a communication from S. J. McDougall, who is building a two-story-frame edifice in the east end. Mr. McCoppin offered to rent the building to the board to be used as a school. The building is two stories, with two rooms each 22x34, with ceiling 8 1/2 feet high upstairs and 9 feet high below. There is a stairway outside leading to the upper story. Mr. McCoppin also offered to install a furnace as soon as the sewer was laid on the street. The building is to be finished by April 16th and Mr. McCoppin asked \$50 rent per month for a term of one year or more. The board has accepted the offer, and the building is being insured today Secretary St. George Jellett.

A. C. Hutton, drill inspector applied for an increase in salary and his application was left to the school management committee to report. Mr. Scott wanted a book-case for McKay avenue school and Mr. Russell wanted a dumb-bell rack, and their requests were referred to the supply and building committees.

Miss Boyle of Mackay school, who has been sick for some time, was granted a further leave of absence until after Easter.

The board is not satisfied with the work of the caretaker of Mackay avenue school, and the chairman was asked to interview him in regard to the matter.

Revelion Bros. account for plumbing and heating was ordered to be paid as soon as the drinking fountain were placed in a satisfactory condition. Tenders for the year's school supplies were received as follows: Douglas Bros., \$175 and K. W. MacKenzie, \$170.35. MacKenzie's tender was accepted. The tenders for the printing of the reports were: Journal Co., Edmonton Printing and Publishing Co., \$20; Western Printing Co., \$20; Bulletin \$13.50. Mr. Taylor had ordered the reports from the Bulletin, and his action was confirmed by the board.

SOCIAL AND PERSONAL

Nurse Pearce of the Public Hospital, left for her home at Lacombe today. F. G. Breen and A. Lawson, of Wetaskiwin, are registered at the Alberta.

Mr. B. Sullivan came in from Vermilion last night.

Mrs. Riddell entertained about a dozen ladies very formally yesterday afternoon.

Mrs. Fred. Ross was still another hostess yesterday afternoon, when she entertained a number of her friends at a "Thimble" party.

R. G. Scott, real estate agent, of Morinville, is in the city, registered at the Windsor.

Mrs. Finlay, wife of Hon. W. T. Finlay, will arrive in the city this evening to be present at the opening of the legislature.

The Misses McDougall entertained a large number of their friends at their palatial home on Third street last

evening, and a very pleasant time was spent by the young people in cards and dancing.

A most enjoyable function yesterday was the "500" party given by Mrs. Hubbel in her pretty home on Fourth street. Mrs. Hubbel wore a dainty black voile skirt and hand embroidered blouse and was assisted by Misses Johnston, Sommerville and McLean. About five tables competed for the prize, a handsome round volume of Kipling which was won by Mrs. Turnbull. The following ladies were present: Madames Ewing, Campbell, D. S. MacKenzie, Turnbull, Saunders, Hielop, McPherson, Hardisty, Graham, Webster, Hyndman, Short, Ferris, Douglas, Frank, Sommerville, Cross, Johnston, Mills, and Miss Willis. A jolly little dance in the evening for the younger people followed the afternoon's entertainment.

HIGH SCHOOL LITERARY

The high school literary society held a very interesting meeting yesterday afternoon in the school room of All Saints church, when an enjoyable program was given. The chief feature of the afternoon was an address by Rev. H. A. Gray, who is a member of the school board. He gave a very practical address, which was greatly appreciated. The first number was a piano solo, "Cathedral Echoes," by Miss Lily Richardson. Miss Richardson plays with remarkable expression. Then came a vocal duet by Miss Ruby and Mr. Ray Beale, entitled "Cousin Jedediah." President John Knott recited the well-known poem, "Bingen on the Rhine," in a masterful manner. A violin duet by Miss Annie McDougall and Master Ralph Heustis, was very well rendered. Miss Ada Brewster rendered a piano solo entitled "The Storm King." An amusing recitation, "How Girls Study," was given by Fred Brandon. The Ladies Quartette, composed of the Misses Kelly, Dore, Ade and Suberland, sang the song entitled "Where the Shadowing Maple Grows." The meeting was closed with the national anthem. It is probable that this will be the last meeting of the society this season, as the Easter exams are drawing near. Debates, however, have been arranged with the Strathcona high school and with the Young People's Society of the First Presbyterian church. Messrs. John Knott and Harry Bragg will be the debaters who will journey to Strathcona, and the debate will be on the preferential tariff question.

MADE RECORD TIME

(Continued from page one)

On the up trip Mr. Lawrence had a bad time. There was a big storm and a very heavy snowfall, nearly two feet of soft wet snow covering the ice, and he had to use two dog teams and get a man to run ahead with snow shoes and break the snow down, so that the dogs could travel. For miles and miles there was no sign of a trail, and the dogs floundered through the snow as best they could.

On his end of the trip George McLeod had a much better time. There was very little snow anywhere above the Crossing and the travelling on the river was good.

After having made the count at Peace River Crossing and reeled up a little, they left for Edmonton on the 27th of February, accompanied by T. A. Erick, the member-elect, and arrived in Athabasca Landing on March 5th and Edmonton March 7th.

In connection with the previous election in which Lucien Dubuc claimed election, practically the same ground was covered but by one man. The whole difficulty in the Dubuc case was that the returning officer did not succeed in making the trip in time.

The writs in that case were issued in Edmonton on October 19th, and George McLeod left here on the 19th, but on November 3, the day of nomination, had failed to reach Sturgeon Lake, the place appointed for nomination. According to the returning officer's official record, he did not reach Sturgeon Lake until November 9th, which should have been the day of election.

On the 14th of November he met Lucien Dubuc and Jas. Cornwall and they, as the only candidates in sight, made an agreement, which was in no way official but merely a mutual understanding, that they would hold an election. The election was held on December 1, nearly a month later than the date officially named, and as travelling was bad, polling place were established at only five points.

The election was declared void because it did not comply with the dates named by law.
